Mayor Dick Galbraith welcomed those present to the meeting.

Discussion on Communication Pedestal Locations

City Engineer Ivan McCracken presented and showed some pictures on communication pedestal locations to those present. Those present discussed pedestal wrappings and costs. No decisions were made.

Discussion on 208 / 211 Interchanges Landscaping

City Engineer Ivan McCracken presented and showed some pictures on 208/211 interchanges landscaping to those present. Mr. McCracken explained that HDR, the consultants for ITD, contacted the city regarding the 208 and 211 interchanges. Mr. McCracken said 208 is landscaped and has a small wetland on the grass area due to leaky pipes and pump. This area has been delineated as an actual wetland because it is a federal project, now they must do wetland mitigation on it. Mr. McCracken said the city is partners with the City of Burley, City of Paul, Minidoka County and Cassia County on the maintenance of the landscape area. The city currently pays about 7% of the maintenance cost. City Administrator Tony Morley added that he would like to see the interchanges as a welcoming into our communities. Mr. McCracken also explained that the 211 interchange is currently being used as storage by District IV. ITD would like to have the city's ideas or interests by December 1st. Those present discussed the 208 and 211 interchanges landscaping. No decisions were made.

Discussion on Placemaking for Heyburn

City Engineer Ivan McCracken presented ideas on placemaking for Heyburn. Those present discussed placemaking ideas. No decisions were made.
